

Getronics Alumni Event  
Januari 22nd, 2009

Old meets New at the third Getronics alumni event organized by Master Search in Amsterdam.

Please find below a link with some memorable moments of the annual Getronics alumni reunion. More than 100 Getronics alumni met up and re-connected with old friends and colleagues. In his passionate opening speech, Getronics' CEO Erik van der Meijden mentioned that Getronics has come a long way and is en-route to full recovery.

Super 'Goden' Peter van Voorst, Jan Dokter, Dick Oldophy, Cees van Eederen, Joop Smit, Rob van der Velden, Maryse Trommelen, Adriaan Blankenstein, Rene Pit, Caspar Jansen Venneboer, Ron de Goeij, Jos Steinhoff, Rein Ledeboer, Paulien van Dorst, Andre Brugman, Peter Veenman and many, many more were all having great fun reconnecting with old and current Getronics employees Theo Kimmel, Ivan Vogels, Priscilla van der Pol, Jeroen Aarts en Hugh Keasberry. Special guests there year were Rupert Hunte and Rhonda Rodriques who truly made this event very special and gave it an international flavour!

That Getronics forms a breeding ground for top talent was witnessed by that fact that so many alumni's at the party have moved on to fill top positions at Microsoft, KH, Tim, Telindus, Ipsoft, bt, PMO office, Huwaei, Projects One, Nec Phillips, Damovo, Quint Wellington Redwood, Cisco, TMNS, Cordys, PECOMA, Winvision, Atos, EDS, Marked!, CAP GEMINI, Iron Mountain, EDS, HP and many more IT companies.

We are speculating that the Getronics alumni phenomenon will continue through the social media and we are looking forward to host next years' Godenborrel at Amsterdam offices with an even larger international contingent. Perhaps we can use Twitter and Cisco's Telepresence systems to re-unite all of us in 2010 - BEAM US UP SCOTTY!
